CHALLENGE 100

Challenge 100 is the perfect high energy, super competitive team building activity. With 100 varied challenges for teams to complete against the clock, there is guaranteed to be something for everyone.

With a plethora of equipment set up around the room and the initial briefing complete, each team will be provided with a booklet listing the 100 challenges available for them to tackle. The challenges that participants will face during this event are fun and varied – some might be 'skills based' whereas others may be more physical or cryptic in nature for example. To earn eternal glory, teams will need to utilise their different skills and abilities to complete the maximum number of challenges.

To keep teams on their toes, each challenge is given a different 'points value' depending upon how easy or hard it is to complete. During the activity, ever vigilant scoring marshals will be patrolling the room and judging the team's efforts – only when they consider a challenge to be completed successfully will the team be awarded the corresponding points!

To secure victory teams will need to devise a winning strategy from the beginning. Will they attempt to complete lots of easy challenges or will they focus their efforts on the harder ones that will earn them more points?
