

ACTIVITY OPTION

GPS FORCE FOR GOOD

A game-changing charity team building event designed to help teams create impact through action. This three-hour challenge combines gamification with giving to genuinely improve lives around the globe.

Partnering with BIG1, a social enterprise and non-profit organisation with a mission to create a world full of giving, Force for Good is a high energy, interactive charity team building event designed to engage hearts and minds. This immersive experience which can take place indoors or outdoors will help participants connect with each other whilst creating real social impact around the world.

During this treasure hunt team building activity, a variety of hotspots (each linked to a predetermined charitable project) will be dropped into your chosen location and plotted on an interactive map for teams to find using their GPS enabled tablets. During the event, teams must choose which causes mean the most to them and head to the corresponding hotspot to complete a challenge/task, before moving onto the next.

Each of the hotspots holds an equal charitable value, allocated from a pre-decided donation 'pot'. The more teams that choose to visit a particular hotspot e.g. 'bricks for schools' the greater the percentage donated to this cause from the pot.

At the culmination of the event, photos and videos will be presented and the team that has visited the most hotspots and made the biggest 'impact' will be announced. The winning team will get to decide which of the top three projects (the three most visited hotspots) the remainder of the donation pot will go to. More importantly, we share the impacts created by all teams and celebrate how their collective actions have made a positive difference.

RUNNING TIME:	The ideal length of time for this activity is 3 hours.
MIN/MAX GROUP SIZE:	Suitable for 10 – 500 participants.
PEOPLE PER TEAM:	We would recommend 5-6 participants per team.
