

MANOR HOUSE MURDER

ACTIVITY OPTION

MANOR HOUSE MURDER

The 'Manor House Murder' murder mystery event is a highly interactive and immersive activity designed to test your crime-solving skills. Based on a traditional 'Murder Mystery' game, players must work together to unlock and examine key evidence such as witness statements and suspect interviews, using augmented reality and image recognition technology.

As you explore the crime scene via an interactive map, you'll complete tasks and challenges which will help you acquire evidence and assist with your investigation.

Can you correctly identify the weapon, murderer and motive?

Our remote Event Manager will set the scene with a tense virtual briefing, giving you as much information as possible about the crime. Teams will then be faced with a series of witness cards and a floor plan of Cadaver Manor. Using your own smartphone devices, you'll work your way through a myriad of clues by tapping on the different rooms and witness cards throughout the game.

You must examine evidence and liaise with key witnesses in order to piece together the sequence of events that unfolded at Cadaver Manor.

There is a real sense of urgency in this case to start ruling out suspects and catch the killer.

The aim of the game is simple; piece together the evidence, catch a killer and solve the crime, all before you run out of time.

HOW DOES THE ACTIVITY WORK?

This ‘app-based’ team building activity can be run in virtual, hybrid, or face to face formats depending on your circumstances and situation.

VIRTUAL: Running this activity virtually, all participants can dial in to the Zoom call from wherever they are, whether it’s at home or in the office, in the UK or abroad. Your dedicated event facilitator will welcome guests, deliver your event briefing remotely, split the group into teams, and run your event from start to finish. At the end of the activity, your facilitator will announce the results and ‘wrap up’.

HYBRID: With some physical ‘in person’ teams taking part from the office or a venue, and some ‘virtual’ teams dialling in from home or elsewhere, the hybrid solution is a great way to get everyone involved in your event, even if they can’t be there in the flesh. Just like the virtual option, your event facilitator will brief everyone via Zoom, arrange the teams, and run everything from start to finish.

FACE TO FACE: The face to face option allows everyone to enjoy a fun, engaging, safe, and COVID friendly team building activity, ‘face to face’ with their colleagues rather than via Zoom. Your event facilitator will still deliver a high energy briefing and results session via Zoom, manage the teams, and be available throughout your activity to ensure everything runs smoothly.

WHAT DO I NEED TO DO BEFORE THE EVENT?

Before your event we will send you a detailed ‘event details sheet’ with all of the information you and your teammates will need. This will include the confirmed date and time of your event, the name of your event host, the Zoom link that everyone will need to access the call, and details of how to download the gameplay app. All you need to do is send this information sheet to all those taking part, and let us look after the rest!

WHAT HAPPENS ON THE DAY OF MY EVENT?

On the day itself, everyone will be welcomed to the event by your event host as soon as they join the Zoom call. Once everyone has arrived, your event host will explain exactly what will happen during your activity and answer any initial questions.

HOW MANY HOSTS/FACILITATORS WILL BE RUNNING MY EVENT?

For this event, we will have one event host/facilitator for every 50 participants. They will remain on your Zoom call for the duration of your event to make sure everything runs smoothly and answer any questions participants may have.
