

ARCTIC SURVIVAL

THIS SNOW-PACKED VIRTUAL ESCAPE ROOM ADVENTURE WILL SEE YOU AND YOUR TEAMS TAKING ON AN ARCTIC EXPEDITION LIKE NO OTHER.

Test your survival instincts in a race against time. Work together with your team to crack the code, find your location and complete the rescue mission! Midway through an arctic expedition, your team has become separated from your hiking guide. With a storm setting in and nightfall approaching, you're forced to abandon your expedition in search of help.

You must work together to solve cryptic clues scattered throughout an abandoned Arctic hut, you will have to put your logical thinking and code cracking skills to the test in order to kickstart the generator, call for help and escape before the heavy snowfall and high winds leave you lost in the Arctic.

HOW DOES THIS ACTIVITY WORK?

This activity can be run in either virtual or hybrid formats and is part of the hugely popular 'app based' range of activities that we offer. The activity is run using a gameplay app which will need to be downloaded onto a smartphone or tablet by participants in advance of the event. The app is free to download and is available from the Apple and Google Play Stores.

During virtual events guests can join your activity remotely using Zoom (or another platform if you prefer) from wherever they are in the World. Following a warm welcome and the initial briefing, groups will be split into teams with each team being given their own private 'breakout room' where they can discuss answers and tactics etc.

Hybrid events blend virtual and in-person formats and allow participants to join the activity remotely (from home for example) or in-person with a group of colleagues (in the office for instance). With this format you could have groups of people joining from multiple locations such as regional or international offices, as well as people joining from home.

For hybrid events it is much quicker and simpler to pre-allocate the teams in advance. It is best to avoid having teams containing both virtual guests and in-person guests wherever possible.

The team had a fabulous afternoon together. All 60 of us got together and enjoyed the Murder Mystery. Thank you Dave and Jo for facilitating a great afternoon.

We had a great team building activity organized by White Rhino, they were super flexible in adapting to our needs and last minute changes.

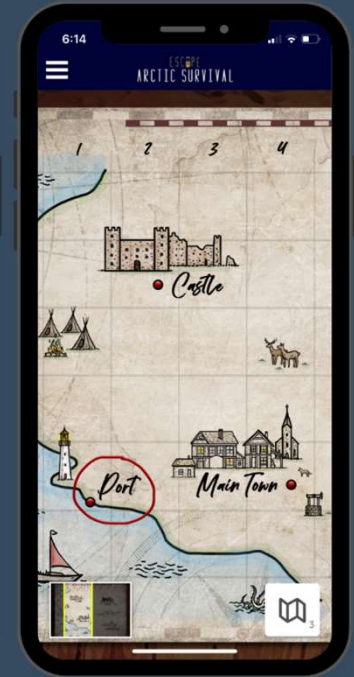

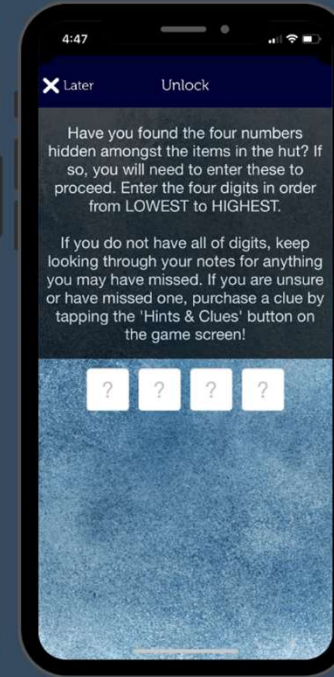

Your event will be fully hosted by one of our professional and highly experienced remote facilitators who will deliver your initial briefing and results sessions via Zoom.

Your facilitator will be on hand throughout your entire activity to make sure everything runs smoothly, answer any questions the teams may have, and troubleshoot any issues that may arise (although we doubt they will).

WHAT DO WE NEED TO DO BEFORE THE EVENT?

The week before your activity we will send you an 'event details' sheet which will have all of the information you need including details on how to download the gameplay app, the name of your event facilitator, and of course the Zoom link.

This can be forwarded to all those taking part so that they have all of the relevant information prior to the event.

For those joining the activity in-person as a group, it is often best to arrange a projector and screen which you can use to show the Zoom call – this is the best way to ensure everyone can see/hear the initial briefing and results sessions. Each 'in-person' team will also need a laptop to use during the activity.

Absolutely fantastic! Pulled an event together for us really last minute and we loved every second of it. Couldn't recommend enough.

Wonderful company - unusual and great events! Our Teambuild was amazing. I would use this company again in an instant. Thank you White Rhino!

HOW TO BOOK
