

The title "Escape: THE DARK CURSE" is centered on a black background. "Escape:" is written in a cursive, golden font that appears to be made of shimmering particles. "THE DARK CURSE" is in a bold, golden, serif font. A thin, dark wand with a glowing tip is positioned horizontally, pointing from the end of the cursive "Escape:" towards the word "DARK". The entire scene is framed by two large, glowing, golden particle trails that curve around the text, resembling magical sparks or a comet's tail.

ACTIVITY OPTION

ESCAPE THE DARK CURSE

A dark curse has been cast across a distant land, robbing its people of their good magic. You must re-discover your magic skills to lift the curse in this thrilling adventure.

Working your way through 3 enchanting levels, you and your fellow spellcasters will use your smartphones to navigate around your chosen location. Along the way, you'll be presented with GPS hotspots containing various magical challenges and tasks. You only have until the Blood Moon sets (90 minutes in human time) to learn magic and potion-making skills, all whilst collecting important virtual items and valuable points!

As the clock ticks down, it's up to you to help the land back to its former glory, break the curse and escape. Can you restore the magic of this befallen land before the Blood Moon sets?

THE AIM OF THE GAME

One of our Remote Facilitators will kickstart your mystical mission with a virtual briefing, giving you as much information about your quest as possible!

Working in teams of 4-6 players, you and your team will set off to navigate your chosen location using your own smartphone devices. As you explore the interactive GPS map, you'll be presented with hotspots containing a variety of mythical challenges, questions and tasks. As you complete the challenges across all 3 levels, you'll learn important spells and potions whilst collecting virtual items and valuable points. But beware of the ticking clock, there's only 90 minutes before the Blood Moon sets and the good magic is lost forever!

All the items you find on your adventure will be added to the 'Magic Items' area within the app. Each player will be able to track their progress through the live scoreboard and toggle between their tasks and the GPS map.

The aim of the game is to score as many magic points as possible and escape the curse, restoring all good magic! The winning team will be the ones who have escaped the curse, with the most points.

WHO WILL RUN MY EVENT?

This activity is one of our Remote Hosted events and will be run from start to finish by one of our experienced remote facilitators via video link (Zoom is our preference but we can use other platforms too).

For this event, we will have one event host/facilitator for every 50 participants. They will remain on your call for the duration of the event to make sure everything runs smoothly and answer any questions participants may have.

HOW DOES THE ACTIVITY WORK?

This 'app-based' team building activity can be run in virtual or hybrid formats depending on your circumstances and situation.

FACE TO FACE: The face to face option allows everyone to enjoy a fun, engaging, safe, and COVID friendly team building activity, 'face to face' with their colleagues rather than via Zoom.

Your event facilitator will still deliver a high energy briefing and results session via Zoom, manage the teams, and be available throughout your activity to ensure everything runs smoothly.

WHAT DO I NEED TO DO BEFORE THE EVENT?

Before your event we will send you a detailed 'event details sheet' with all of the information you and your teammates will need. This will include the confirmed date and time of your event, the name of your event host, the Zoom link that will be needed to access the call, and details of how to download the gameplay app. All you need to do is send this information sheet to all those taking part, and let us look after the rest!

WHAT HAPPENS ON THE DAY OF MY EVENT?

On the day itself, everyone will be welcomed to the event by your event host as soon as they join the Zoom call. Once everyone has arrived, your event host will explain exactly what will happen during your activity and answer any initial questions.
