Get ready to experience the thrill of the racetrack with Race Night – an exciting and fast-paced team activity that will have everyone on the edge of their seat! Whether you’re a seasoned punter or completely new to horse racing, this event promises plenty of fun, competition, and a few surprise winners along the way.

Perfect for team building, corporate events, or even just a night of entertainment, Race Night brings all the excitement of the races right to your venue.

Teams will be transported to the world of horse racing, where they’ll bet on pre-recorded races shown on the big screen. Each team starts with a fixed amount of virtual money and will have the chance to place bets on the races throughout the night. From picking the winning horse to choosing which odds to back, teams will need to strategise, take risks, and trust their instincts to maximise their winnings.

Each race brings a new level of excitement as teams cheer on their chosen horses. There's no way of knowing the outcome until the race is over, so you'll need a combination of luck and gut feeling to walk away a winner! As the event unfolds, the competition heats up – teams that win big will rise to the top of the leaderboard, while those who take a few risks might find themselves needing a comeback strategy.
